Business Engagement Technical Assistance

The Workforce Innovation Technical Assistance Center (WINTAC), in partnership with the Institute for Community Inclusion and the University of Washington, continues to provide technical assistance to state vocational rehabilitation (VR) agencies to help build their capacity to expand job-driven employment practices for consumers through business engagement and employer supports. The team is available for intensive and targeted TA. In addition to the TA, the Business Engagement Toolkit developed through the JDVRTAC is now available at www.WINTAC.org

www.WINTAC.org

Please contact us or your WINTAC state Liaison with your technical assistance requests. We look forward to serving you!
